

6. Make summary notes

Making notes is by far the best way to memorise lots of information. We all have been there, sat down reading a textbook and lying to ourselves that the time is being used productively - it is not! The best way to memorise information is by making notes over and over again. It may be incredibly tedious but the thing is that the most successful candidates often make as many as three sets of the same notes in a run up to the exams which help them to memorise the required information.
